Practice Areas

Yi Wang is a partner at Global Law Office, permanently stationed in Shenzhen, with over 11 years of experience in legal practice. His primary practice areas include digital economy, cybersecurity and data protection, compliance and risk management, artificial intelligence, investment, financing, mergers and acquisitions, and arbitration in data-related disputes. Yi Wang has completed hundreds of domestic and international projects related to cybersecurity and data compliance, as well as AI compliance, covering a wide range of industries such as finance, healthcare, internet, automotive, energy, hospitality, and IoT.

Yi Wang has been deeply involved in typical data compliance projects across various sectors, including investment, asset, trading, and dispute resolution. He has provided services such as data compliance due diligence for investment institutions, legal opinions on data ownership and compliance of data products for enterprises, special legal opinions on data compliance for IPO-bound companies, legislative suggestions on relevant data for regulatory authorities, and data compliance audits and rectification services for enterprises.

Work Experience

Yi Wang joined Global Law Office in 2024. Prior to that, he practiced data compliance law at Meritsandtree Law Office and handled IPO, investment and financing, financial technology compliance, and dispute resolution legal matters at Huashang Law Office.
