Practice Areas

Zoey Ge is an accountant in the Global Law Office International Trade team. She is specialized in trade remedy matters in international trade, such as antidumping, countervailing duty, anti-circumvention and safeguard investigations.

Zoey Ge has engaged in the mandatory responses on behalf of numerous Chinese enterprises in the anti-dumping, countervailing and anti-circumvention cases initiated by the United States, the European Union, Canada, India, Australia, Turkey, etc. She has also engaged in mandatory responses on behalf of foreign companies in multiple antidumping and countervailing cases initiated by China. These investigations involve a variety of industries, such as steel, photovoltaic, petrochemical, tires, electronic, textile, pharmaceutical and light industrial products. Additionally, Zoey Ge has a great deal of experience in response to the anti-dumping and countervailing investigations initiated by Ukraine, Eurasian Economic Union and the Cooperation Council for the Arab States of the Gulf.

As an accounting professional, Zoey Ge is in charge of strategy analysis, questionnaire response, dumping margin and subsidy margin tests, injury analysis, surrogate value and benchmark analysis, as well as case brief and rebuttal brief drafting. Zoey Ge is expertized in designing and implementing specific strategy for the customers.
