Practice Areas

Yi Lin is an of counsel at Beijing Global Law Office based in Chengdu, primarily focusing on corporate risk control and compliance, information security, and personal information protection.

Having served as a global program manager and senior consultant at renowned multinational corporation and certification body, Lin has over 20 years of domain experiences and has successfully delivered over 50 project implementations in 14 countries.

Yi Lin excels at assisting clients in prioritizing compliance tasks based on regulatory requirements and industry oversight trends, then defining risk management objectives based on an organization's developmental stage and governance goals. He supports clients in achieving their management objectives, including obtaining management system certifications, by implementing comprehensive service solutions that integrate compliance and management, and utilizing national and international standards & best practices.

Employers and clients he has served include Fortune 500 groups, spanning sectors such as end-to-end semiconductors, ICT and smart terminals, smart devices and consumer electronics, home appliance manufacturing, steel production, and mining & commodity trading. He has also advised a famous luxury group, an IT services and solutions provider, a well-known online design platform, a leading global bicycle component manufacturer, leading medical groups and data center operators in the Asia-Pacific region and joint-stock commercial banks.

Yi Lin holds CIPP/E, CIPM, CIPT, and CIPP/CN certifications from the International Association of Privacy Professionals (IAPP). As one of the first certified individuals in China, he participated in the subsequent body of knowledge planning and the development of bilingual exam items for two of these certifications. He also holds PMP and CSM certifications in project management.
